

“CONTACT LIST” OF VETERANS ORGANIZATIONS

Below is a list of various Veterans' organizations in your area. If you haven't already done so, you should contact them and let them know about our Adopt-A-Veteran Program and ask them if they have some individuals in their organization that might benefit from the program. You might invite some of them to come as your guest to your Lodge and get to know them and how you might be of service to them, in appreciation for their Service to our Country.
